

Selection Criteria

For more details, please contact Pilar Perez (p.perez@clepa.be)

The jury panel will evaluate the proposals and select the final nominees (i.e. the 3 best proposals per category) on the basis of the selection criteria.

Each jury members will give a mark from 0 (minimum) to 5 (maximum) for each of the question; the calculation of the average mark will give the ranking.

Jury will deal with eventual ex-aequos during its meeting.

The decisions taken by the jury will be final.

Ambition (25%)
<ul style="list-style-type: none">• What is the level of innovation (incremental or radical/disruptive)?• What problem/challenge is the innovation addressing?• What is the gap that the innovation is bridging?• What is the potential of this innovation in the future?
Market relevance (25%)
<ul style="list-style-type: none">• Which benefits for the OEM and/or end consumer is the innovation addressing?• What added value is created to the end consumer?• How well has cost-effectiveness been addressed?• Is the innovation enabling more than one application/solution?
Impact (25%)
<ul style="list-style-type: none">• How relevant is the innovation in the chosen category?• Are there immediate impacts or long-term effects?• Is the innovation enabling additional innovations?• What are the short and long-term realized business success factors?
Quality (25%)
<ul style="list-style-type: none">• How sound is the overall concept, technology or system?• Is the innovation already implemented and if not which TRL is reached?• What are the risk factors for success?• Have risk factors been considered?
