DG CNECT/E1

5G Strategic Deployment Agenda (SDA) for Connected and Automated Mobility (CAM)

**Stakeholder Workshop
7 February 2019 (10.00-16.45)**

**Venue: Centre Albert Borschette
CCAB Room 2.A
Rue Froissart 36, 1040 Brussels**

MEETING AGENDA

(1) Opening of the meeting 10:00-10:30

Introduction by the Commission, Peter Stuckmann, Head of Unit, Future Connectivity Systems (E1), DG CONNECT, European Commission (10 min.)

Presentation of the outline of the draft Strategic Deployment Agenda (SDA, will be distributed before the event), by Mikael Fallgren, Chair Automotive WG of the 5G PPP (10 min.)

(2) Panel 1: 5G for Connected and Automated Mobility - 10:30-12:30 objectives & deployment scenarios

Objectives and deployment scenarios from the perspective of the various stakeholders as well as from public policy perspective. Particular focus on the role and mapping of pan-EU 5G corridors.

What is the best agenda and geographical roll-out (mapping) to deploy uninterrupted 5G coverage along main transport path?

Where do the 5G corridors fit in this agenda?

What kind of infrastructure and service features are required?

Moderator: Eddy Hartog, Head of Unit, Smart Mobility & Living

(H5), European Commission

12:30 - 13:30 **Lunch break (60 min)**

(3) Networking coffee session 13:30-14:00

(4) Panel 2: Cooperation models and investment strategies building on the Connecting Europe Facility Digital (CEF Digital) 14:00-15:30

How can connectivity for CAM be financed: discussion of the possible models matching the different categories of services and geographical areas (telco investing, co-investment telco/automotive sectors, multi-party investment including road operators, Member States, etc)

What are the expected sources of revenue and cost elements?

What role for public financing? What cooperation options under CEF?

Moderator: Peter Stuckmann, Head of Unit E1, European Commission

(5) Panel 3: Regulatory innovation to facilitate 5G CAM deployment 15:30-16:30

Debate on modern regulatory tools to facilitate deployment strategies such as spectrum or infrastructure sharing, co-investment and wholesale models, access to fibre backhaul, specialised services, coverage obligations, national or EU roaming obligations for safety services, security certification schemes, etc.

Moderator: Carlota Reyners Fontana, Head of Unit, Investment in High Capacity Networks (B5), European Commission

(6) Next steps and planning of further stakeholder involvement - Close of meeting 16:45

Commission and SDA drafting core team will propose the way forward to meet the agreed agenda and time frames.

Mikael Fallgren, 5G PPP

Maxime Flament, 5GAA

Javier Albares, GSMA

Close by Commission (end timing will be strictly adhered to)

Notes:

Working language will be English (there will be no interpretation available)

There is no set lunch arrangement offered. However, there is a self-service restaurant on the top floor of this Commission building, with a wide selection of meals, including special dietary requirements.
